(Salutations Distinguées, Honorables Considérations aux Professeur(e)s,
Distinguished Greetings, Distinguished Honorable Professors,

Honorables Considérations aux Députés et Ministres,
Distinguished Honorable Deputies and Ministers,

We would like to address a message to Professor Karl Moore in Mcgill, https://www.mcgill.ca/desautels/karl-moore)

**********---------**Message pour le Professeur Karl Moore--[Karl.moore@mcgill.ca]----- **********

Dear Professor Karl Moore (https://www.mcgill.ca/desautels/karl-moore),

Happy New Year 2026,

We hope you are doing good,

Today, fortunately, I have been in the Faculty of Management building (around 3rd floor), and I have discovered your office there (in mcgill).

https://drive.google.com/file/d/1hlSLUI1YIwy0rJR1KcaJf1glYSYrx9bi/view?usp=sharing

Do you have any availability for a meeting ? We would like to introduce to you a project (1& 2):

1- My First name is also **Karl (Karl-Augustt)**, would you mind if we create an Onomastics Nomen Conservandum Project to preserve the heritage of those who are called [Karl] ?

(**Onomastics is the science of proper names** : https://drive.google.com/file/d/10QY72d_qg7e3CQa5DtRAw6Kgo1Ov-oeT/view?usp=sharing)

Today, I am without a fully funded housing (https://drive.google.com/file/d/1-uDUzg_XCqXci_jy5K3c_deTs-GQN_Y5/view?usp=sharing)

I have a letter from Australian Government here : https://drive.google.com/file/d/1Bnj0_-s9b2DAldM0rLGWlvSlEdQixdb2/view?usp=sharing

{foi@pmc.gov.au, EntryLevelPrograms@pmc.gov.au, itsanhonour@pmc.gov.au, media@pmc.gov.au, privacy@pmc.gov.au, https://www.pmc.gov.au/contact-us}

and here I am also part of a Corporation that needs funding : https://drive.google.com/file/d/1ezidAgYo76jSnEIg5zXa80QCwVwj8S_3/view?usp=sharing (KiDs A.I. Inc., kidsai.org)

2- My basic idea is that we can contact **Lebara Phone Technologies** (There are in Australia, France, Suisse, UK, Germany, etc., lebara.com), **there are not in Canada yet,**

but we can partner with them to register as a Lebara Telecom Provider in Canada to expand the network (https://crtc.gc.ca/eng/comm/telecom/registr4.htm),

In Practice: we can give a new Lebara phone to every person named **[Karl]***, in a sense that they will be accepted automatically as a new member of KiDs A.I. Inc. to expand our KiDs A.I. Inc. network

(Lebara would activate the phone if we confirm an official referal from KiDs A.I. Inc.).

Look out this folder of people named [Karl]*: https://drive.google.com/drive/folders/172EjkoKGrhBu2-xCw8kEPzXMjDAH0EXa?usp=sharing

This kink of activity is called in mathematics: **Nomen Conservandum (the conservation of names).**

What do you think of this Project ? We hope Lebara can accept and approve this project, so we can build **a giant [Karl] network** (they are in Copie Cc, partners@lebara.com).

This will expand your network of course, would you mind joining our team?

Please tell us your contribution to reinforce this project.
